

MyChart Registry Query, Reconciliation, and Questionnaire Option for COVID-19 Vaccination Epic

Patients can submit queries to the immunization registries that SSM Health communicates with to pull their COVID-19 vaccination information directly into MyChart. Alternatively, the patient can complete a questionnaire to manually add the COVID-19 vaccination information and submit it to SSM Health for review before it is updated in MyChart.

- 1. Log in to your MyChart account.
- 2. Select Your Menu, then COVID-19.
- 3. The following displays if no COVID-19 vaccine or only one COVID-19 dose appears in the chart. Click **Update** to query the state registry data base.

Š	No va	cine received			~
	(j)	Not seeing y If you got your here, check for	r <mark>our vaccin</mark> COVID-19 vaci updates from	e? cine and it isn't sh i state registries.	owing up
			Update N	ot now	

NOTE

If you don't get a response in approximately 20 seconds, try again later. To help prevent registries from being overwhelmed with requests patients can submit a registry query only once every eight hours.

The next steps vary depending on no data received or data received from the query.

No Data Received

The following will display if no data was received from the query.

4. Click Enter Vaccine Details to manually enter your COVID-19 vaccination information.
